THE FUNDS LOCKED UP

WHICH WERE APPROPRIATED FOR RIVER IMPROVEMENTS.

No Work Yet Begun in the Memphis Reach or at Any Other Point.

There is a general inquiry among valley planters to know why the River Commission does not take some steps toward the work in which they are so much interested, and the people of this city feel an especial interest in the subject because of the river trade and on account of the necessity for protection to the Memphis harbor.

The bill provides for improving the Mississippi river from head of the passes to the mouth of the Ohio river, continuing improvements, \$2,500,000; which sum shall be expended under the direction of the Secretary of War, in accordance with the plans, specifications and recommendations of the Mississippi River Commission, provided that no portion of this appropriation shall be expended to repair or build levees for the purpose of reclaiming lands or preventing injury to lands or private property by overflow; provided, however, that the commission is authorized to repair and build levees if in their judgment it should be done as part of their plan to afford ease and safety to the navigation and commerce of the river and to the commerce of the United States.

Of the amount herein appropriated for the lower Mississippi, \$10,000 are to be expended in continuing the work in progress at New Orleans, \$100,000 for the rectifying of the Red and Atchafalaya rivers by preventing further enlargement of the latter stream and rectifying the lower Mississippi by keeping open a navigable channel through the mouth of Red or Old river into the Mississippi; \$50,000 in improving navigation in the Greenville reach by preventing the bank at Greenville from further cutting, and \$500,000 for the improvement of the channel at Vicksburg by digging through the bar existing there; but this last named sum shall not be expended unless, after another examination or survey, the commission shall deem it advisable, and if the shall not exceed \$50,000.

The improvement of the channel at Vicksburg by constructing dikes and other appropriate works, and \$75,000 in completing the work in the river at Memphis. Also, \$25,000 for work in the river at Columbus, Ky.

The Mississippi River Commission was constituted by act of Congress some six years ago, and is composed of the following persons: Col. and Major Gen. Quincy A. Gilmore, Corps of Engineers, United States Army, President; Lieut. Col. and Major Gen. John H. Brown, Corps of Engineers, United States Army, Vice President; Major Charles R. Suter, of the United States Engineers; Prof. Henry Mitchell, of the United States Coast Survey; Messrs. B. M. Harrod, of Louisiana; S. W. Ferguson, of Mississippi; and Judge R. Taylor, of Indiana.

It will be seen that a majority of the commission is composed of civilians, while the other three are officers of the army. The customary mode of procedure for the commission when on active duty is for the President to call a meeting of the members to assemble at New York, St. Louis or some other place, and with the maps and notes of survey before the board, to set on foot a plan for the treatment of a particular case in the work of improving the navigation of the river. It is also the custom for the President to call a meeting of the members to assemble at New York, St. Louis or some other place, and with the maps and notes of survey before the board, to set on foot a plan for the treatment of a particular case in the work of improving the navigation of the river.

RAIL AND BAIL.

THE CHAMPIONS EASILY DEFEATED YESTERDAY.

The Browns Take Kindly to Conway's Delivery and Pound Him Hard and Often.

Our old favorite, Conway, was put into the box for Atlanta yesterday and Speed's men hammered him numerically. Twelve hits, with a total of fourteen bases, satisfied the Browns, but they could have made it more if it had been necessary.

Knouff, as usual, was very effective and held the champions down to five hits. The following is the OFFICIAL SCORE.

Nashville Shot Out by Charleston (Special to the Appeal.)
NASHVILLE, Tenn., August 30.—Charleston, Tenn., shot the local team in about the worst exhibition of ball playing seen here this season. A little over a hundred people were in the grand stand, and it is unnecessary to say that they were heartily glad when the local team was shot out by the visitors. The game was a double play, with Schellhase to support him. Powell put up Sullivan and Hines as his battery. The visitors were highly pleased with the big first baseman's style of delivery, and proceeded to knock out five runs while he occupied the square. Dandeen came in about the sixth inning and fared equally as bad. Sullivan pitched a steady game and was given splendid support. The principal features of the game were Dandeen's work in center field, and the general spirit of indifference which pervaded the whole team; pretty plays by Brennan and Bitman of town balls elicited applause, as did also a double play by Beard, Bitman and Sowers. Phillips' two base hit to center when the bases were crowded was also worthy of note. Score by innings.

Summary: Earned runs—Charleston, 2. Two base hits, Phillips, Brennan, Hines and McAleer. First base on balls—By Sullivan, 3. First base on being hit by pitcher—By O'Brien, 1. Struck out—By Sullivan, 5; by Manning, 3. Passed balls—Schellhase, 3. Double plays—Beard, Bitman and Sowers. Umpire—Saunders. Score—Charleston, 8; Nashville, 0. Time of game—Two hours.

O'Day Signed by Detroit.
DETROIT, Mich., August 30.—The Detroit baseball management have signed pitcher O'Day, of the Savannah club. The signing of Gillen on Saturday gives more catchers than needed, and Decker will be released.

St. Louis vs. Cincinnati.
St. Louis, Mo., August 30.—Irwin, a stranger to the St. Louis public, was put in the box for the Cincinnati team and fairly won the game. The game was a long and tedious game. Caruthers was hit in the breast by a ball from Corkhill's bat in the seventh inning and went to right field. Fouz taking his place. Both did effective work. Font's hit in the right field was a double, but he was unable to make a run. The game was a home run. Carpenter, McPhee and Robinson made brilliant stops. There were about 2000 in attendance. Score: Brown's—10; Cincinnati, 3. Earned runs—Brown's, 2. Two base hits—Latham. Home runs—Fouz. Total bases on hits—Brown, 14; Cincinnati, 6. Umpire, Kelly.

Athletics vs. the Reds.
New York, August 30.—At Staten Island today the Athletics defeated the Metropolitans in a one-sided game. Score: Athletics, 5; Metropolitans, 1. Earned runs—none. Three base hits—Larkin, Coleman. Two base hits—Mellgren. Base hits—Athletics, 10; Metropolitans, 4. Errors—Athletics, 5; Metropolitans, 2. Umpire—Valentine.

Kansas City vs. Nationals.
KANSAS CITY, Mo., August 30.—The Nationals won their first game of the season from Kansas City today, and did it by superior playing all round. The visitors' work was characterized by the very exceptionally brilliant fielding. Score: Kansas City, 2; Washington, 5. Summary: Earned runs—Kansas City, 2; Washington, 3. Base hits—Radford, Rowe, McGarry, Hines, Keates, Hayne and Farrell. Pitchers—Whitney and Shaw. Umpire—Walmer.

Baltimore vs. Brooklyn.
BALTIMORE, Md., August 30.—The Brooklyn won today, owing partly to bad umpiring. Score—Baltimore, 2; Brooklyn, 3. Two base hits—Phillips. Base hits—Baltimore, 4; Brooklyn, 3. Errors—Baltimore, 3; Brooklyn, 4. Umpire—Kleibacher.

Detroit vs. Boston.
DETROIT, Mich., August 30.—The home team could not pace the ball safely today, and the visitors had the game their own way after the fourth inning. Conway's support was excellent, while the fielding of the Boston was rather poor. Johnson caught several difficult flies, and Horning captured a liner from Richardson's bat that knocked him down. Score—Detroit, 2; Boston, 6. Earned runs—Boston, 2. Base hits—Larkin, Rowe, Sutton, W. J. Johnston. Base hits—Detroit, 2; Boston, 10. Errors—Detroit, 6; Boston, 8. Umpire—Quest.

Chicago vs. Philadelphia.
CHICAGO, August 30.—The Chicago won the game in the first two innings and nearly lost in the last two. The visitors lost four errors that gave the visitors six runs. The Philadelphia

NEW YORK DRY GOODS MARKET.
New York, August 30.—There has been a good movement in the execution of orders and new purchases and with the new demand of former proportions. The price of farmers' choice 36-inch bleached cottons is 12c.

ST. LOUIS DRY GOODS MARKET.
St. Louis, August 30.—The market is quiet, with a few orders being filled. The price of farmers' choice 36-inch bleached cottons is 12c.

ST. LOUIS DRY GOODS MARKET.
St. Louis, August 30.—The market is quiet, with a few orders being filled. The price of farmers' choice 36-inch bleached cottons is 12c.
